A Chance to Make Money.

I saw one of your subscribers tell in your columns a few weeks ago how she made money selling Dish Washers. I wrote to the Iron City Dish Washer Co., E. E. Pittsburg, Pa., and obtained one of their Dish Washers and tried it myself first. It is just lovely; you can wash and dry the dishes for a family in two minutes, without touching your hands to a dish or putting them in hot water. I made the first day \$5.00, and everybody wanted a Dish Washer just as soon as they saw me wash their dishes. Since then I have made as high as \$18.00 a day, and I believe that I can get enough money to keep my brother at school this winter and have money in the bank too. Any lady or gentleman can do as well as I am doing, I am sure, as I had no experience. When everybody wants to buy, it is not hard to sell. Anyone can get information by writing the above firm, I am glad to add my experience, because I think it is my duty to others to help them over the hard times.

VIRGINIA HERNE.

Legislation in the Next Congress.

Representative Dalzell, of Pennsylvania, is another Republican who declares his colleagues will make no attempt in the Fifty-Fourth Congress to bring about any distinctively partisan legislation. He says that the best thing for the House to do will be to pass the necessary routine bills and then go home. From present indications he is inclined to believe that the long session may end in April or May. That would be an earlier adjournment than has come in many years, and is hardly likely to be had in 1896, but the general opinion among Republican Congressmen, that but little will probably be done beyond passing the appropriation bills, which the Pennsylvania statesman expresses, is of some significance. Dalzell is an intimate friend of Thomas B. Reed, who will be Speaker, and in these expressions he very likely sets forth Reed's feelings and purposes.

Those who have been looking for a reopening of the tariff and finance questions in the Fifty-Fourth Congress will be disappointed. No disturbance from either of those issues will be inflicted on the country in the next two years. The overwhelming Republican majority in the House, which will be under the direction of speaker Reed, will stand as a barrier against all harmful agitation of those questions. In the Senate, of course, the Republicans may not be in undisputed control, but the financial tinkering which that body may favor can not hurt anything, because it will be killed in the House if it reaches that branch. The revival of business which the absence of Congress until next December is helping to bring about will not be suspended when that date arrives, for the Republican managers in the House will see to it that no disturbing or distracting measures shall be enacted.

The fact that the country wants a rest from all agitation calculated to unsettle business is well known to the Republican leaders in Congress, and they are sagacious and public-spirited enough to keep it firmly in mind throughout the term. Moreover, they are aware of the limitations and restrictions which the control of part of the Government by the Democracy imposes. A Republican tariff bill would have no chance of receiving the President's signature, and probably it would not pass the Senate, although two or three men in that body who are called Populists occupy Republican ground on that issue. Action on the great questions of legislation will have to wait until the Republicans secure control of the entire Government in 1897. Happily none of those questions are really urgent at this time, and they can be postponed without embarrassment to the country. —[N. Y. Tribune.]

An Art Treasure.

There is no more fitting, beautiful or enduring memento of the great Columbian Exposition than the handsome volume of sixty-four selected views which we are now offering free to every new subscriber or old subscriber who renews for one year. It should be borne in mind that this collection is not a cheap affair, but a carefully chosen series which is artistic, beautiful and instructive. To those who saw the Fair it will serve as a delightful remembrance; to those who were not so fortunate it will prove an unfailing source of entertainment and education. Send in your yearly subscription or renewal with the subscription price \$1.25 and we will send you the volume free and postage paid.

Advertise What You Have To Sell.
If you want to sell anything, there may be a dozen people wanting what you have to sell but don't know that you have it. During the last four or five weeks we know of replies to advertisements in THE REPUBLICAN from Ooltewah, Nashville, Knoxville, Greenville and Kipley. Only a few days ago we received a letter asking quotation on Stock peas, but none are advertised. Two men have been wanting to buy cows. We suppose there are lots of cows to sell but these men didn't know it. Moral—When you have anything to sell advertise it.

Mr. J. L. Rogers, a young attorney from Hartford has located here for the practice of his profession. He has not yet secured an office but will do so in a few days. Mr. Rogers comes well recommended and will receive a hearty welcome from our people. —[The Mahlenberger.]

COLORED DEPARTMENT.

[BY P. A. GARY.]

The sisters of the Mysterious Ten of the U. B. F. met Monday night with a large number in attendance. The U. B. F. Lodge is gaining ground in the State of Kentucky and the United States very rapidly. It was established by colored men in Louisville in 1865 and has grown to be one of the greatest organizations in the country. The National Grand Master appointed H. B. Cassell, last August, Deputy Grand Master to the West coast of Africa to establish Lodges in that country. Mr. Cassell is a native of Africa and highly educated, having been educated at Monrovia College, Liberia, Africa, and is doing great good in the work of civilization. He will look well after the interests of that grand benevolent order. As the order was established in 1865 this is its 30th year. We think it would be well for us to celebrate its 30th anniversary. The U. B. F. Lodge in this place will have its thanksgiving sermon on the 3rd Sunday in April. We anticipate a grand time.

The M. E. Church, of Hayti, was very fortunate in securing the services of Rev. Wm. Johnson for another year. Rev. Johnson did good work here last year and owing to a more extended knowledge of the situation it is believed that he will do more this year than last.

The M. E. Church, of Hayti, will hold Easter services on the 14th of April. Everybody is invited to be with us on that day and help us in this great missionary cause. We are going to have a grand time.

The attention of the colored people was called to the condition of cemetery of Hayti a few weeks ago. There should be something done immediately about enclosing the grounds, so the colored people of Hartford and vicinity are requested to meet at the schoolhouse Tuesday night the 2nd of April to elect trustees for the cemetery. This is a matter of vast importance to all the colored people and it is expected that all will meet.

We are sorry to say that Miss Ellen Louis is but very little better this week than last, but we hope she may soon recover.

Mr. Charles Parks is no better. It is hoped that his condition is not as serious as some think it is. His many friends are very anxious for his recovery.

Rev. J. H. Ealy had a rally last Sunday and realized a handsome sum for which the committee has his thanks.

Mr. John Duval has moved from the Hoover property opposite the brick yard, to his own home in North Hayti.

Mr. Luke Taylor and family have moved from his mother's property in North Hayti to his own home on Main street opposite the Odd Fellow's Hall.

Mr. Wesley MacLanahan has moved from the Herald property to Mr. James Thomas' property on Main street.

Mr. Thomas Walker moved from the Wood Phipps property near the colored Baptist Church to the B. F. Moseley property near Hayti.

Mr. Dora Sullenger has moved from near Hayti to the White Settlement. There has been quite a moving around among the colored people.

Mr. W. H. Ross, the District Grand Master of the Grand United Order of Odd Fellows, will visit the Lodge here on the 5th of April. All the members are requested to meet him at the Odd Fellow's Hall.

700 colored people emigrated to Mexico from the South a few weeks ago. We think the colored people ought to stay in this country for they have cleared the forests and tilled the soil and have contributed largely in making this country what it is, and we are now citizens of the United States and helped materially in making themselves citizens. This now is the grandest country on the globe. So since we have helped to make this country what it is we should stay here and enjoy the blessings of this great country. Every negro is naturally a Republican or should be and the next two years are going to be great years in politics so the negro of the South should stay here and do his duty toward the grand old Republican party and we will have a long period of prosperity in this country.

ELECTRIC TELEPHONE

Why not do so at once pay your subscription.

THE Albany Argus says:
"The distance between the woman and the home is widening every day."

If there be anything more nauseating than the cigarette, it is the poor deluded particle of humanity in the shape of a "kid," a veritable gossamer of a boy who apes his elders, the knights of the little less obnoxious cigar.

During February when the mercury was hovering around and often below zero and while blizzard chased blizzard from the icy North, the editor of the Kentucky New Era penned the following lines, which not only tell much truth, but which have the genuine McKinley ring. Hear the enemy of free blizzards:

"In the name of McKinley we protest against the free importation of pauper Manitoba blizzards to come in direct competition with our free-American blizzards. What's Congress doing that it does not put a tariff on blizzards, and, if it can't raise the price, at least raise the temperature?"

When you have taken your country paper for several years without paying for it and the publisher sends you a bill, don't fly into a passion and say you never subscribed for the paper anyway and you don't want it any longer. Don't tell the postmaster to mark the paper refused. The chances are you did subscribe for it and have been taking it from the office and you and your family have been using it all these years and this amounts to a subscription. If you feel inclined to do any of these mean things, just remember the common old, everyday Golden Rule: "Do unto others as you would that others should do unto you," and pay up like a man and a year in advance. Remember that the editor and his family have to live, the printers and pressman have to be paid, paper, ink, insurance, rent and coal costs money, and the income on which the publisher depends to pay all these expenses is made up of little bills like yours, scattered all over the country. In order that the effects and tendency of an act be understood fully, we must suppose the condition to be general. Well then, suppose every subscriber should refuse to pay his subscription? The paper would die too quick to summons a physician. These remarks apply to only a small percent of the subscribers to every country paper, each a loss of several dollars to the publisher and henceforth they should refuse to adopt such little methods and pay up, thus giving themselves a clear conscience and making the editor happy.

"The Beautiful Notes of Paris," in the March Cosmopolitan, satisfy a long-felt curiosity in regard to the women who have been posing for the world's famous paintings. The Cosmopolitan has carefully gathered a collection of the most famous of the portraits and used them to illustrate an interesting article by a distinguished French critic, Fr. Thiebault Sisson. Nor does the beauty of the originals fall short of the ideal on the painter's canvas. In the same number is a delightful article about the famed sea-girl, for so many centuries a fortress and prison—Mont-Saint-Michel. "Pearl-Diving and Its Perils," by an English naval officer, written from personal experience, is perhaps the most thrilling tale of exploration of the ocean's depths ever put on paper. The fiction of this number is unusually entertaining.

Don't Stop Tobacco.

How to CURE TOBACCO WHILE USING IT.—The tobacco habit grows on a man until his nervous system is seriously affected, impairing health, comfort and happiness. To quit suddenly is to sever a shock to the system, as tobacco, to an inveterate user, becomes a stimulant that his system continually craves. Baco-Curo is a scientific cure for the tobacco habit in all its forms, carefully compounded after the formula of an eminent Berlin Physician who has used it in his private practice since 1872, without a failure, purely vegetable and guaranteed perfectly harmless. You can use all the tobacco you want, while taking Baco-Curo, it will not hurt you when you stop. Wegiva written guarantee to permanently cure any case with three boxes, or refund the money with no per cent. interest. Baco-Curo is not a substitute, but a scientific cure, that cures without the aid of will power and with no inconvenience. It leaves the system as pure and free from nicotine as the day you took your first chew or smoke. Sold by all druggists, with our iron-clad guarantee, at \$1.00 per box, three boxes, (thirty days treatment), \$2.50, or sent direct upon receipt of price. Every family in Ohio county, should send to Williams & Bell Hartford, or to the drug store in your own town and get a bottle of "Fibline" Tasteless Quinine. It will cost only 25 cts and is the best thing on earth for children or any one else who can't take bitter Quinine.

An effective advertisement is an anchor, which will often hold a disabled business from drifting on to the ragged reef of financial failures.
